

Bonnie's Urbana 2006 Report

Over 22,000 students came to Urbana/St. Louis!
Through a week long study of Ephesians, we
focused on the theme of
“*Live* a life worthy of the calling.”

Since most of my interactions are normally via email, it was great for me to talk to many nursing and medical students face to face.

At first they were interested in NCF resources for themselves and their campuses. However, as the week progressed, our conversations changed to discussing how they could best prepare for medical missions. It was very cool to see how their worldview was changing!

I had a neat opportunity to be part of a four member panel during a “nursing in missions” community meeting, where we shared resources, insights and encouragement and spent time in prayer with over 200 nursing students.

I also was part of the “overflow” nursing staff for the health services area. We mostly saw students with dehydration, viral infections and relatively minor problems. Praise God there was nothing too serious!

As I don't have a Missouri nursing license, I worked in a support role, making up “student size” medication packets when I had time during the day and covering the phones and “walk-ins” one night on third shift when the staff had to make two trips to the ER with students.

Thank you so much for praying for the Urbana convention! I also want to extend a big thanks to all of you who sent in extra gifts of support to enable me to go! All of you were a part of ministering to these students! It was exciting to see God at work!

If you are interested in more details about the main speakers and seminars at Urbana, I'd encourage you to check out the reports on the InterVarsity website - <http://www.intervarsity.org/>, or contact me for more details at bhann@intervarsity.org.

Blessings in Christ,
Bonnie

Our VISION IS TO SEE: STUDENTS & FACULTY **TRANSFORMED** campuses renewed & **WORLD CHANGERS DEVELOPED**
